

# SABF Mixed Trials 2026

## Bulletin # 1

The Mixed Trials to qualify a team to represent South Africa in the upcoming Zonal championships in September began today. Eight pairs will play face to face at the Western Province Bridge Centre in Green Point, Cape Town. A double round robin with Cross-IMP scoring and WBF continuous VP conversion will be played. The top 3 pairs will qualify.

The following pairs have entered

1. Maureen Narunsky & Michael Alexander
2. Rona Holmes & Stephen McBride
3. Andre van Niekerk & Rose Duff
4. Greg Hingle & Di Rosslee
5. Imtiaz Kaprey & Lorraine Weers
6. Carol Stanton & Kevin Smith
7. Erica Zimet & Paul Reynolds
8. Michelle Alexander & Glen Holman.

At the close of play today after 3 matches the scoreboard looks like this:

#	Pair	Total VPs	Pen	Round 1			Round 2			Round 3		
				Opp	IMPs	VP	Opp	IMPs	VP	Opp	IMPs	VP
6	Carol Stanton & Kevin Smith	46.12		4	46	18.77	3*	19	14.80	1	9	12.55
8	Michele Alexander & Glen Holman	42.72		1	1	10.31	2	45	18.66	4	14	13.75
7	Erica Zimet & Paul Reynolds	36.77		2	26	16.09	1	28	16.42	3*	-24	4.26
5	Lorraine Weers & Imtiaz Kaprey	25.25		3	20	15.00	4	-4	8.80	2	-44	1.45
2	Rona Holmes & Stephen McBride	23.80		7	-26	3.91	8	-45	1.34	5	44	18.55
3	Rose Duff & Andre van Niekerk	23.68		5	-20	5.00	6*	-25	4.08	7*	18	14.60
1	Maureen Narunsky & Michael Alexander	20.72		8	-1	9.69	7	-28	3.58	6	-9	7.45
4	Di Rosslee & Greg Hingle	18.68		6	-46	1.23	5	4	11.20	8	-14	6.25

All the results and the contracts on every board can be found here:

<https://sabf.co.za/mixed-seniors-trials-2026/>

# Match 1

Carol Stanton and Kevin Smith came out firing and won their first match by 46imps.

6	4	4♦*	E	♣Q	6	1100		+14.70	-14.70

Surprisingly, none of the pairs got to the good 3NT game with 15 HCP's opposite 11. The hands fit well and 9 tricks are easy and there is no suit that opponents can successfully attack. I guess that pre-emptive actions by East would make it difficult to get to 3NT. Carol and Kevin got the best result when a frisky action by East (I suspect that East was following the principle of 7-4 bid more) led to a heavy vulnerable versus not penalty of 1100.

6	4	6NT	W	♥4	11	50		+11.00	-11.00

Carol and Kevin were beneficiaries of this deal when their opponents got to 6NT. It could easily have gone the other way. 6NT has less than 50% chance of making as you need to make 5 heart tricks **and** get the spade finesse right. The odds favour playing the ♠A and finessing for the queen through the North hand. This offers the best chance of bringing in 5 tricks and would have worked on the hand. I am not sure what induced declarer to finesse the other way but this is why 6NT went 1 down for a loss of 11 IMPs.

As a secondary matter, it is very rare that 2 balanced hands with a combined point count of only 29 HCP's will lead to a good slam. It will rarely be better than 50%. On this hand, even though E/W have a double fit in hearts and spades, the slam is still less than 50%.

Getting to 3NT with 7 opposite 12 HCP's and both hands fairly balanced was swiftly punished by N/S for +500 and a swing of 11.3 IMPs. This hand illustrates some of the luck element involved in Cross-IMPing events. Here all the remaining N/S pairs were punished with minus scores for an E/W aberration at one table. Over many boards, this type of bad luck should even out but clearly (for me), a Cross-IMPing pairs event needs far more pairs in order to diminish the effects of an outlying score.

S	1	1	1	1	1
E	12	9	12	10	12
W	12	9	12	9	12

6♣ is a little subpar. Declarer needs to hold club losers to only 1 and then either the heart finesse or the queen of spades coming down in 2 rounds will yield 12 tricks. The correct line is to play ♥AK hoping that the queen comes down and if not, take the spade finesse. This works well when the ♥Q comes down in 2. Erica Zimet and Paul Reynolds earned a slightly lucky 9 IMPs for bidding to 6♣.

**Board No 4 Both Vul Dealer West**

NS	EW	Bid	By	Ld	Tks	+Sc	-Sc	+	-
1	8	3NT	E	♠10	12		690	+4.00	-4.00
2	7	6♣	W	♦5	12		1370	-12.00	+12.00

# Beginner's Corner

At the risk of offending our mixed pairs trialists with the title above, I present the following hand.

2 pairs went down in 3NT after receiving the most threatening lead of a diamond. The first obstacle to overcome is to cut communication between the defenders by ducking the first 2 diamonds. Once ties have been broken, we just need to keep South (the danger hand) off lead. Taking the heart finesse through South should be routine as if it loses, you can still finesse the ♣Q through South to come to 9 tricks. If South has the ♣A, the contract cannot be made. The only problem I can see on the hand is that it may not be clear which is the danger hand. One table got the standard lead of 4<sup>th</sup> highest diamond but at the other table, North was on lead and lead the 9 of diamonds (using Polish leading methods where one leads middle from 3 card suits). The 9 should have been readable as from a short suit, but South Africans are unfamiliar with this leading method.

**Board No 3 E/W Vul Dealer South**

NS	EW	Bid	By	Ld	Tks	+Sc	-Sc	+	-
1	7	6♠	N	♠J	11		50	-7.30	+7.30
3	6	6♠	N	♦4	11		50	-7.30	+7.30
4	5	5♠	N	♦3	11	450		+7.30	-7.30
8	2	4♠	N	♦3	11	450		+7.30	-7.30

2 pairs went overboard to the subpar 6♠ contract. It should be simple to stay out of slam if South is able to show a minimum hand with heart shortage. A reasonable auction might be:

West	North	East	South
			1♦
Pass	1♠	Pass	2♠
Pass	2NT <sup>1</sup>	Pass	4♥ <sup>2</sup>
Pass	4♠	All pass	

1. Enquiry  
2. 12-14, 4S, 0/1 heart

The North hand has wasted points in hearts and this makes bidding the slam unappealing. North would consider bidding the slam if partner showed a club shortage with 4 spades. On reflection, slam seems a long way away and I think North should just bid a direct 4S

and give on finding a magical holding such as:  
This hand might have bid 3♠ after partner's 1♠ response.

♠ K Q 3 2  
♥ 5 3 2  
♦ A K J 3 2  
♣ 2

Imtiaz Kaprey and Lorraine Weers did well to get to the reasonable heart slam. The slam has excellent chances when hearts break 2-2 requiring either the diamond finesse or clubs 4-3 for 12 tricks. If the queen of hearts does not come down or hearts are 3-1 with the singleton queen, you will probably need the diamond finesse to be on and clubs 4-3. I reckon that combination makes the slam just over 50%.

# Never Give Up

This hand from Match 2 was reported to me by Carol Stanton.

Sitting West, you hear the following bidding:

<i>West</i>	<i>North</i>	<i>East</i>	<i>South</i>
Pass	Pass	2 ♥	3 ♦
4 ♥	4 ♠	Pass	Pass
5 ♥	Pass	Pass	5 ♠
All pass			

Partner leads the ♥Q and dummy comes down with the following:

♠ 9 4  
♥ A K 8 6 4  
♦ 10 8 6 3 2  
♣ 6

Plan your defence...

♠ Q J 10  
♥ 7  
♦ A K Q 5 4  
♣ A 10 9 2

Kevin Smith reasoned well on this hand:

1. There was no point leaving partner on lead if she happened to only have 5 hearts for her 2♥ bid.
2. Partner has some outside points but looking at the dummy if these points are in clubs there will be only 1 more trick for the defense. We therefore need partner to have a trump trick.
3. Leading a club now will work but only if partner has the Ace of spades. Any other holding, declarer will play trumps from the top to minimize the risk of a club ruff.
4. Let's go back to the bidding. What does it mean when West bids 4♠ all on his own having already passed? Firstly, he probably only has 5 spades and secondly he must have an escape plan if 4♠ gets doubled. Therefore he must have diamond support. The fact that partner did not lead a diamond which she would have if she had a singleton, means that partner is void in diamonds.
5. He followed this reasoning and returned a LOW diamond to show no further interest in hearts and that partner should return a club.

All came to pass and on the diamond return, Carol ruffed. She always follows instructions (at least at the bridge table) and returned a club and when in with the ♠A, she returned another club which Kevin could ruff and give her another diamond ruff for a satisfying +300.

8	2	3♠	N	♥Q	10	170		+10.00	-10.00

Further points about the bidding

- a. Note that E/W have only 15 high card points between them but can easily make 10 tricks in hearts setting up the 5<sup>th</sup> club as their 10<sup>th</sup> trick.
- b. N/S have 25 high card points but can only make 8 tricks. Note that North did very well bidding 4S preventing E/W from making 4H.
- c. Next time your partner 'arrives' at the 4 level in a new suit after having passed, you can be sure that they have support for your suit.

Carol Stanton & Kevin Smith

# Competing for the Part-Score

8	2	2♠	W	♣2	8		110	+1.70	-1.70

Carol and Kevin got an excellent result when the bidding went:

The 3♣ bid by North was clearly ill-advised as he could not be sure that opponents had a fit and bidding a poor 5-card suit at the 3 level is fraught with danger. 3 small hearts in his hand and poor shape should have sent strong warnings not to compete for the part-score. Two down doubled, earned them 4.7 IMPs.

# Match 3

## Pushing for Game

Your partner opens 2NT in third seat showing 20-21 points and a balanced hand. What would you do with the following hand:

♠ 10 9 6 5  
 ♥ 10 8 7 6  
 ♦ 10 8 6  
 ♣ K J

With 4 HCP's you might have 25 points between the 2 hands and the presence of two 4 card majors makes it tempting to bid on. You might argue that 2NT might not be making with 4 of a major cold. The full hand was:

With all the critical cards offside and a poor break in hearts, the limit of the hand was 2♥. All the mixed players bid on with the above hand. However, perhaps this was wrong. Our 4 points are particularly poor in our short suit and this makes it unlikely that we can make game at all. A further consideration is that we are not vulnerable making bidding a close game less appealing. It would be prudent to pass 2NT. It is unlikely that the hand will play much better in the Major suit as if there is a ruffing value in clubs, this will not produce enough tricks for game. I think the only time bidding on will be successful is when partner has 5+ clubs and our values are working well.

1	6	4♥	S	♣10	6		200	-2.30	+2.30
2	5	4♥	S	♦7	8		100	+2.30	-2.30
4	8	4♥	S	♣10	7		150	+0.00	+0.00
7	3	3NT	S	♣10	6		150	+0.00	+0.00

You get to 4♠ after your right-hand opponent opens a weak 2♥. Your left-hand opponent leads the ♥K and continues the suit. What is your plan from here? Spades break 1-2 with your right-hand opponent having 2.

♠ KQ9654	♠ AJ72
♥ J	♥ 10865
♦ A75	♦ J108
♣ K102	♣ Q5

You have 1 heart loser, 1 club loser and potentially 2 diamond losers. One plan might be to play your right-hand opponent for the ♣J and that will allow you to pitch one diamond loser. This does not work on the hand and so now you will have to play the diamond suit for 1 loser. Your best chance is to play the diamonds from dummy. Two possibilities arise:

- A. North has both the diamond honors and will be endplayed or
- B. South has doubleton honour in diamonds.

As North holds both diamond honors and the 9 of diamonds you cannot go wrong if you try the clubs first and then run the ♦J.
